## SUMMER: Season of The Phoenix

*“Raising From the Depths of COVID, Transformed and Renewed”*

Beyblade is back! The Texas BeyBlade League continues its legacy of commitment to keep the spirit of Beyblade alive. To fulfill our goal, we will conduct our very first summer season with a brand new format in a brand new facility. The Blackstone Launchpad at UTD is a self-contained structure where TBBL can conduct small group challenges, activities and competitions in a COVID managed environment. Proactive social- distancing and cleaning operations will be introduced. New clubs that formed during the pandemic will now have the opportunity to test their blading skills in the event's feature challenges.

TBBL will still apply informal science techniques that will challenge and inspire our participants to continue learning math and science through fun and play. *Let It Rip!*

[Space is limited. There will be a charge to participate. Pre-registration and pre-payment is required. See page 2.]
